

INCORPORATING F ASHTON LTD & HEVAC INDUSTRIAL UK

VALVES INSTRUMENTS PLUS

SUPPLIERS TO THE BUILDING SERVICES,
PROCESS & PLUMBING INDUSTRIES

VALUE IS PARAMOUNT

Valves

A large proportion of our valves, including our own brand—most of which are WRAS-approved. A key aspect of our business is our ability to advise on and source products for special requirements. With over 100 years of combined industry experience, VIP brings extensive product knowledge to meet diverse customer needs.

Expansion

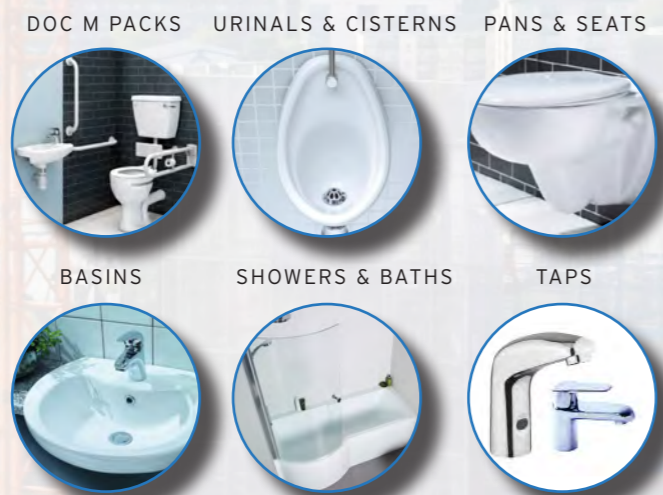

Our technical team can review drawings and produce a working design, marked up with all necessary requirements, along with a detailed quotation. These designs are backed by our professional indemnity insurance.

In addition, we offer a CIBSE-approved CPD on pipeline expansion, as well as Caesar II pipe stress analysis.

Sanitary

VIP offers a range of high-quality and cost effective commercial sanitaryware products, specifically designed for use in sectors such as healthcare, leisure, education, hotels, and student accommodation

Value Is Paramount

Formed in 1985, VIP has earned a reputation for setting the standards in quality, service and reliability. Our technical expertise is based around years of experience supplying a wide range of products to various industries. We represent many major product brands and we also offer our own range of WRAS-approved valves, providing excellent value in the market and being used in some of the most prestigious projects across the UK

Plumbing, Pipe & Fittings

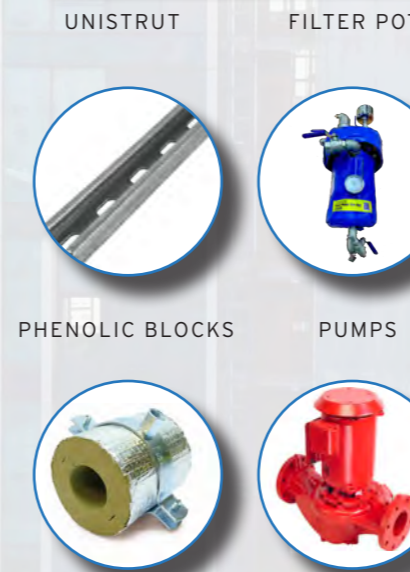

Soil, Drain & Rainwater

Fittings & Pipe

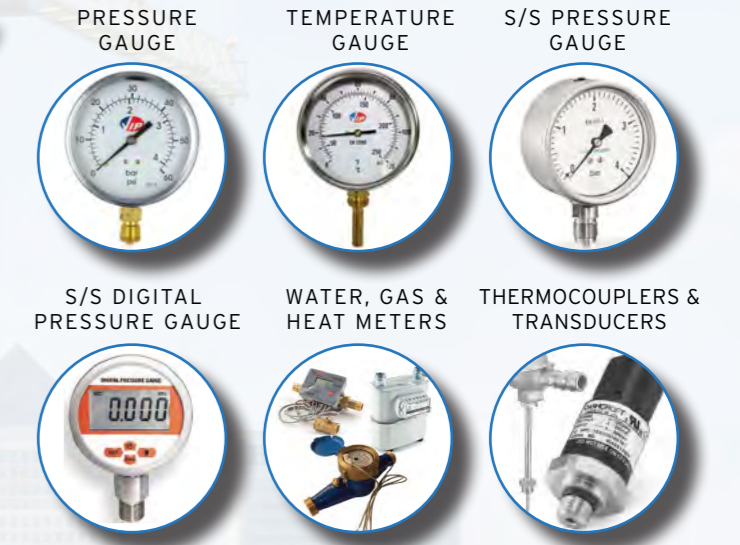

Pipeline Products

Instrumentation

VIP offers a cost-effective range for building services and a high-quality range for process applications, ensuring reliability and performance across various sectors. Our products meet the demanding standards while providing excellent value for money.

Actuation

With many modern installations shifting from manual to automated valves, we have launched our own actuation division.

In addition to our valves, we offer our own brand of electric and pneumatic actuators, alongside products from well-established manufacturers. Recently, we built an in-house facility where we assemble and test products, ensuring faster delivery times.

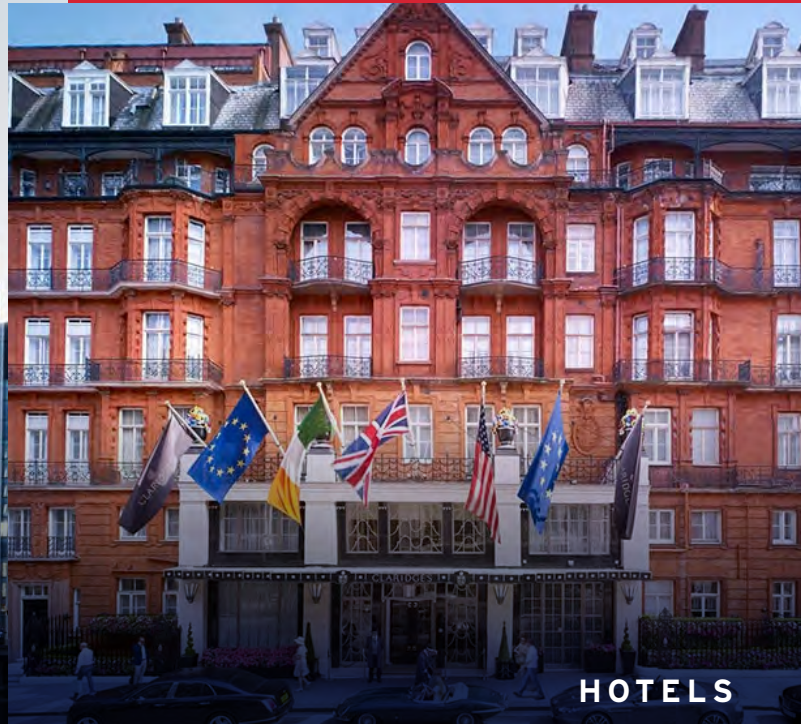

Process

VIP has built a strong reputation for supplying high-quality products to the process division backed by our ISO 9001 accreditation. Our commitment to excellence ensures that we meet the unique needs of our clients and adapt to the evolving demands of the industry.

PROJECT SECTORS

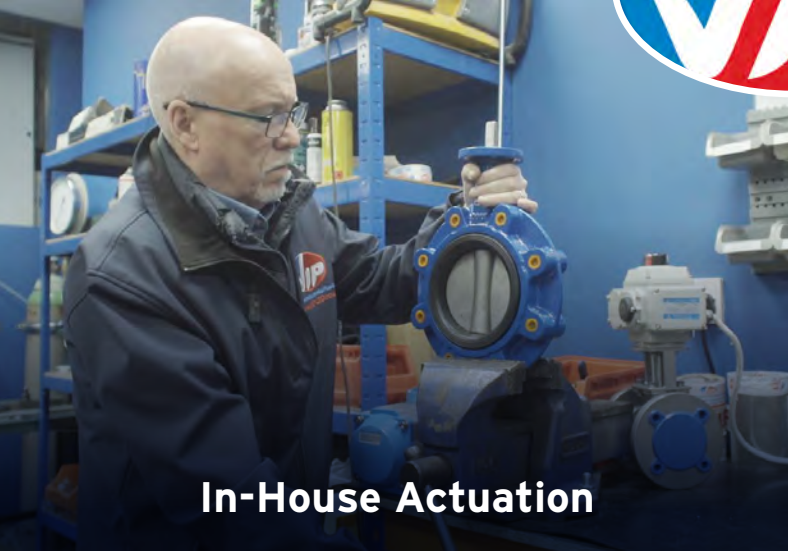

In-House Safety Valve Setting

In-House Pressure Gauge Calibration

In-House Actuation

Product Sourcing

Value Is Paramount

"Price is what you pay, value is what you get"

Warren Buffett

"The bitterness of poor quality remains long after the sweetness of low price is forgotten"

Benjamin Franklin
